

2019 University of the Ryukyus
Japanese Business Internship Program
Application Information

2019 University of the Ryukyus Japanese Business Internship Program

Application Information

1. About Program

Through the University of the Ryukyus' Global Education Center, this short-stay program is designed for students who have a desire to work for a Japanese company and have a high proficiency level in Japanese language.

In this program, students will be taught communication knowledge and Japanese business manner in an actual business scene. Students will also learn the differences between Japanese business culture and society and those of foreign ones.

This internship program aims to train students to master practical business and be able to play an active role in Japanese industry and promote understanding of Japanese industry.
